

New Norcia Education Centre

History of the Catholic Church in Western Australia

The New Norcia Education Centre was established in 1996 as the key to unlocking New Norcia's unique Monastic, European and Aboriginal Heritage. Today, the Education Centre offers a range of programmes for students.

The History of the Catholic Church in Western Australia is one of New Norcia's newest programmes and was developed in particular for year 11 students to fit in with Religious Identity units. Australia's only monastic town provides the perfect place for students to develop an understanding and appreciation of the history of the Catholic Church in Western Australia and explore their own faith and spirituality.
